KEEP THIS MANUAL, SALES RECEIPT & APPLICABLE WARRANTY FOR FUTURE REFERENCE. READ ALL INSTRUCTIONS AND WARNINGS BEFORE USING THIS PRODUCT. When unpacking, check to make sure all parts listed are included. If any parts are missing or broken, please call Customer Service at 1-888-287-6981.

ASSEMBLY

COMMON SENSE AND CAUTION ARE FACTORS WHICH CANNOT BE BUILT INTO ANY PRODUCT. THESE FACTORS MUST BE SUPPLIED BY THE OPERATOR.

WARNING

On initial assembly, do not tighten screws completely until assembly is completed.

ASSEMBLING THE BAR

Assemble the bar by following the diagrams below.

Figure 1
Start with the Front Panel (#9) and attach the two Shelf Supports (#14)

Figure 2
Add the two Side Panels (#6) and secure with the M8x140 bolts.

Figure 3
Attach the Counter Top (#5) and attach the Top Shelf (#7) and Bottom Shelf (#8)

Figure 4
Install the two Vertical Supports (#4). The Vertical Support is forked and attaches to the Side Panels using two M8x110 bolts.

Figure 5
Install the Support Beam (#3) on top of the Vertical Support. Place the Top Roof Panels (#2) on top, then secure the Crown (#1).

Figure 6
Add the Hanging Rack (#13), then tighten all bolts and screws to secure the Bamboo Bar.

ASSEMBLING THE BAR STOOLS

Figure 7

Place the Leg Supports (#12) between the Legs so that the post on the support faces the hole on a corresponding leg. Attach Bolts at the bottom of each leg.

Figure 8

Place the legs so that the opening in the top of the legs straddles the Support Beam on the bottom side of the Seat. NOTE: Make sure the holes on the legs face each other. When both legs and their supports are in place, secure the legs to the Seat using 4 screws.

MAINTENANCE

WARNING

Before use, check the nuts and bolts on a regular basis to make sure they are tight.

When used outdoors, place on a dry surface such as concrete or decking, and not in wet areas such as grass. Cover during inclement weather. Mild household cleaning products can be used for cleaning.

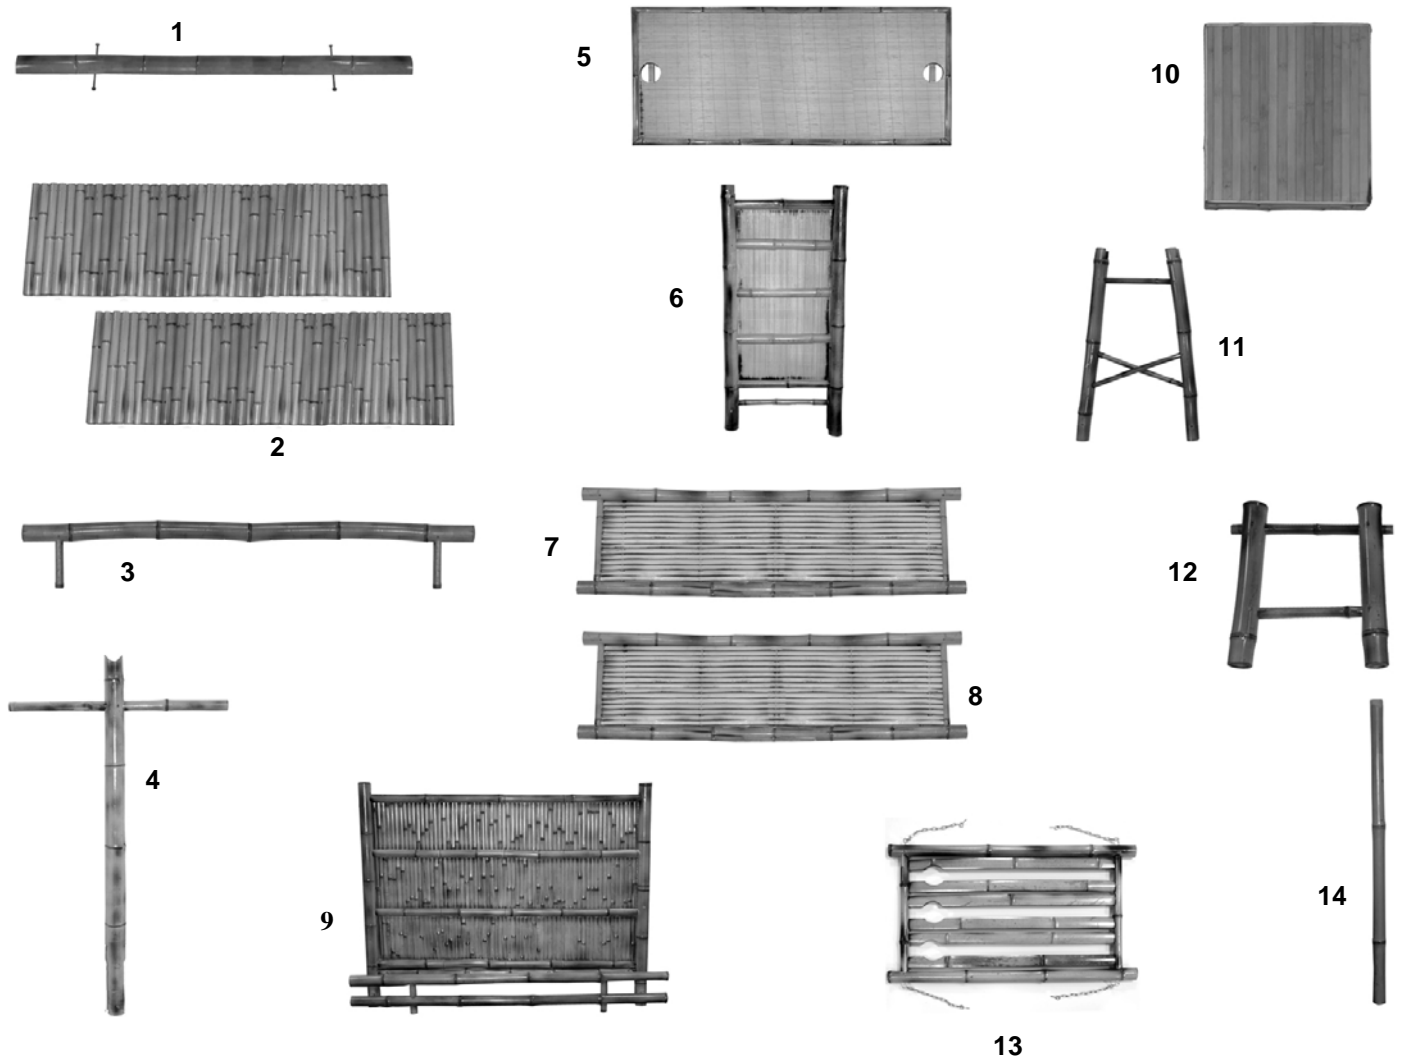

NOTE

Bamboo is not a wood but actually a woody variety of grass. Although it is a grass, the thick bamboo poles are two to three times as strong as wood. However, it will fade in color and can sometimes crack. These are the natural properties of Bamboo.

Before use, always inspect the stools and bar unit for any cracks. Do not use if any component is damaged and may cause harm.

Bamboo should retain its strength for many years. However, when stored outdoors, it will age naturally from a light tan to a silvery gray. You may choose to allow it to age naturally or apply a UV-resistant varnish at least once a year. Ties can be replaced as needed.
